

Perseverance

We are continuously being confronted with setbacks while on the road to success. Perseverance is the key to staying on track towards your destination.

Colonel Sanders, had many different jobs over his lifetime, including railroad fireman, insurance salesman, steamboat ferry operator, tyre salesman and service station operator. The Colonel didn't come up with the concept for the business that made him rich and famous until he was 66 after receiving hundreds of rejections.

Thomas Edison tested over 3000 filaments before he came up with a filament out of carbonized silk thread, and thus the first light bulb was created, October 21, 1879

On December 17, 1903, at Kitty Hawk, North Carolina, the 'Wright Flyer' became the first powered, heavier-than-air machine to achieve controlled, sustained flight with a pilot aboard. And they said Man would never fly.

When only 19, Bill Gates and Paul Allen started a small company called "Microsoft" in the summer of 1975, writing programs for the first personal computers. The result of perseverance is History....
